UNITED STATES DEPARTMENT OF AGRICULTURE

SOIL CONSERVATION SERVICE

SOIL CONSERVATION—INDEX TO VOLUME XXI

AUGUST 1955 TO JULY 1956

	Page		Page
ACP and district cooperate to provide trees for eroded land (Tenn.).....	280-282	Arbor Day in Nebraska.....	284
ADAMS, J. RICHARD: Commercial Fertilizers for Conservation Farming.....	62-64	Arizona, John D. Freeman elected president	
Advisory committee, soil and water conservation, USDA.....	137	American Society of Range Management....	240
Aerial photograph used in ranch plan.....	61	Arkansas—	
Agricultural—		farmers find profit in trees.....	279
Land Resources In The United States. AIB No. 140. Review by John W. Barnard..	142-143	Norman Hobgood finds woodland improvement pays.....	[218]
Regions Of The United States, The. Review by B. W. Allred.....	143	pine timber profitable crop for Rex Ramsey.....	221
AHLGREN, GILBERT H.: Grassland Farming. With George E. Serviss. Review by A. D. Stoesz.....	143	tree crop profitable for W. M. Glass.....	[242]
Alabama—		tree girdling contract business.....	225-226
H. H. Gaston tree farmer for 40 years.....	43-44	water-right principle upheld.....	191
report on Soil Stewardship Sunday.....	273	woodland farming profitable for Mac Garland..	264
tillage machinery studies.....	33	Artist becomes a conservationist. Jack L. Barrick.....	249-250
Alaska, Susitna Flats soil survey.....	36-40	Award(s)—	
ALBRECHT, W. A.: Wise Soil Management Needed.....	288	Balanced Farming to Peden Gaston (S. C.)..	70
ALBRIGHT, RUSSELL: District Profile, Ray Thurston of Maine.....	58-59	by Missouri Districts for conservation achievements.....	162
ALDRICH, SAMUEL R.: Farm Soils: Their Fertilization And Management. With Edmund L. Worthen. Review by Charles E. Kellogg....	286	for meritorious service. Ross D. Davies.....	287
Alfalfa—		Nash winner.....	[26]
creeping, research studies.....	103-104	Vineyard Gazette wins permanent possession of silver cup.....	113-114
seeded in wide-row corn.....	216	BALLARD, ROY E.: Camp School for Sixth Graders.....	68-70
ALLRED, B. W.—		Banker(s)—	
Conservation Problems in Persia.....	252-258	and districts sponsor research tour (Ky.)....	150
review of—		assist in conservation contest (N. Dak.)....	67-68
The Agricultural Regions Of The United States.....	143	promotes watershed program (Tenn.).....	30-32
Water—The Yearbook Of Agriculture....	167-168	BARKER, FLOYD V.: Prefer Dry Feet.....	165
American—		BARNARD, JOHN W.—	
Society of Range Management elects conservation president.....	240	review of Agricultural Land Resources In The United States. AIB No. 140.....	142-143
Tree Farm System.....	7-8	Working Shoulder-to-Shoulder in the Old Line State.....	[84]-90
ANDERSON, C. EDMUND: A Nursery Saves Soil and Labor.....	126-128	BARRICK, JACK L.: An Artist Becomes a Conservationist.....	249-250
ANDERSON, JAMES R.: Agricultural Land Resources In The United States. AIB No. 140. With Hugh W. Wooten. Review by John W. Barnard.....	142-143	BAVER, L. D.: Soil Physics. 3d edition. Review by Ben Osborn.....	215-216
Anti-pollution campaign (W. Va.).....	[242]	Blueberries profit from water management...	231-232
Approved Practices In Soil Conservation. Review by Wellington Brink.....	72	BOLAR, MAX D.: Tree Girdling In Arkansas...	225-226
		BONOMO, JOHN JR.: Small Unit Is Success....	155
		Borrow pits increase value of gulf coast marshes.....	204-207
		Boy Scouts establish nurseries.....	196
		BRADFORD, FRANKLIN: Money From Your Trees.....	6-8
		BRANSTEAD, ROBERT B.: Two New SCS Movies..	192

	Page
BRINK, WELLINGTON—	
Conservation Booklet	[50]
review of—	
Approved Practices In Soil Conservation ..	72
Our National Forests	71
Topsoil and Civilization	167
The Editor Makes a Final Report	123-124
The Soil and Human Health	44-45
BUCHHELE, W. F.: Ridge Farming for Erosion Control. With E. V. Collins and W. G. Lovely	269-273
Burchell, Belle, of Massachusetts, District Profile. Lester Fox	125-126
BUSBY, C. E.: Water Use and Water Rights	156-160
Businessman turns rundown farm into profitable farm	219-221
BUTLER, CARL E.: Green are our Pastures	144
Cagney turns to hardy cattle. Esra I. Shaw	161-162
California—	
conservation camp for sixth graders	68-70
farmer builds house from woodlot trees	70
former building contractor rejuvenates peach orchard	171-172
CARTER, VERNON GILL: Topsoil and Civilization. With Tom Dale. Review by Wellington Brink	167
Cattle—	
developed suitable for Louisiana gulf coast marshes	204
grass plantings protect from shinnery poisoning	226-227, 232
walkways in gulf coast marshes	204-207
CAUTHEN, HENRY F.: Fairfield County Stages A Comeback	243-245
Chalk-talker for conservation	83
CHEEK, J. H.: He Rebuilt Circle G Ranch	60-61
Chemicals in weed control	[132]-136
Christmas trees on cattle ranch. William D. Shelley	70
Church—	
assists in elementary school graduation exercises (N. H.)	147-148, 155
conference considers the land	165
rural, dependence on productive land	64-65
CLARK, CARL O.: Productive Nursery from Wornout Land	267-269
Clayton, Charles C., newspaperman wins conservation award	162
COLLINS, ALLAN J.: Incident at New Hampshire church	147-148, 155
COLLINS, E. V.: Ridge Farming for Erosion Control. With W. F. Buchele and W. G. Lovely	269-273
Colorado—	
aspen and pine used for posts	72
Lake County Soil Conservation District makes progress	258
range pitter improves land	282-284
Connecticut farmer helped in fighting fire by fellow district cooperators	284
Conrad, Kenneth, of Colorado, District Profile. T. E. Mullings	279-280

	Page
Conservation—	
and horses	[74], 82
artist promotes watershed project (W. Va.) ..	249-250
basic plan aids Gifford of Vermont	163-164
benefits rundown Kentucky farm	219-221
booklet. Wellington Brink	[50]
camp for sixth graders. Roy E. Ballard	68-70
chalk-talker, Tom Kelly	83
cold weather	21
conference for young people	27-29
education. See Education, conservation	
farming, financing of	41-42, 45
featured, Union, N. H., elementary school ..	147-
importance of trees in	148, 155
on the Blue Stem Hills. James G. Moore-	
field	16-17
on the Buckskin Hills. Waldo H. Rodene ..	250-251, 259-260
opportunity in the new year. Donald A. Williams	199-200
pays in Wisconsin	208-212
plan(s)—	288
main weapon against erosion	
map, made full use of by South Carolina farmer	120
maps aid in long distance planning	150
used in Maryland	221
planning—	86-88
for wood crops	
necessary	129-131, 140-141
practices—	207
applied to peach orchard	
benefit district, Lake County, Colo.	171-173
dependence on commercial fertilizers ..	258
value to woodland farmers	62-64
problems in Persia. B. W. Allred	5
program reflected in better living	252-258
ranching in New Mexico. Ralph G. Miller ..	155
summer reading club for children	284-286
weekly radio program operated by SCS men (N. Y.)	94
workshop for Nebraska teachers. Ivah Green	214-215
Conservationist elected to national office	222-224
Contest(s)—	240
essay (S. Dak.)	
in schools to further conservation (N. Dak.) ..	70
New England Green Pastures winning essay ..	67-68
Contour—	144
daffodils, cover picture	
orchard, Athol, Mass.	[194]
plantings of nursery stock	82
rows for nursery stock	127-128
strips for tomatoes	267-268
tobacco field, cover picture	59
Cook, Willard, of Illinois, District Profile	[218]
Cooperation—	190
Idaho farmers and nonfarmers to promote soil and water conservation	
Kentucky bankers and districts to sponsor tour	201-203
Maryland farmers and agencies to solve conservation problems	150
	[84]-90

	Page
Cooperators to the rescue. Arthur H. Meckley.....	264
Cordwood from wildlife marsh.....	288
Corn, wide-row, alfalfa seeded in.....	216
Cotton crop protected by windbreaks.....	[2]
COULTER, C. H.: A State's Role in Tree Farming.....	8-11
Daffodils on the contour, cover picture.....	[194]
Daily needs depend upon soil.....	207
DALE, FRED H.: The Farmer and Wildlife Management.....	186-189
DALE, TOM— review of—	
Shopwork on The Farm.....	96
Tomorrow's Birthright.....	239
Topsoil and Civilization. With Vernon Gill Carter. Review by Wellington Brink.....	167
DANIELS, CLARENCE L.: Trees For Eroded Land.....	280-282
DAVIES, ROSS D.: Awards For Meritorious Service.....	287
Delaware, McCabe of Selbyville makes ditches serve triple purpose.....	231-232
District(s)—	
Allegany County (N. Y.) plants trees in snow.....	21
Bennet County (S. Dak.) provides subscriptions to SOIL CONSERVATION Magazine as prizes.....	70
Charleston County (S. C.) helps develop water plan for nursery.....	276-279
cooperators Sugarloaf (Nebr.) make use of water spreading.....	173-175
drainage pays in Wicomico (Md.).....	237-239
Dukes (Mass.) award to Houghs of Vineyard Gazette.....	113-114
El Dorado County (Calif.) helps farmer cut trees to build house.....	70
income raised, Wieser River (Idaho).....	51-56
Madison County (Tenn.) and ACP provide trees for eroded land.....	280-282
operates own nursery. Ezra I. Shaw.....	95-96
Orangeburg (S. C.) provides prize for vacation reading club.....	94, 162
profile. See Profile, district.	
provide leadership in Maryland.....	87-89
Puna (T. H.) working to solve volcano problems.....	168
range pitting improves land in central Colorado.....	282-284
stands apart. Kenneth W. Shanks.....	258
State Association and State Soil Conservation Committee (S. Dak.) give awards.....	287
supervisor, my job as. Howard Geers.....	212-213
teamwork Latah (Idaho) conserves soil and water.....	201-203
Twin Falls (Idaho) cooperators assist in snow survey.....	180-183
West Box Elder (Utah) works with ranchers to solve water problem.....	108-112
woodland conservation in the.....	12-15
Ditches do triple duty. William R. Ratledge.....	230-232
D-plus-6 formula used for harvesting.....	11

	Page
Drainage—	
and irrigation with same ditches.....	230-232
channel construction in Japan.....	149-150
difficulty solved in growing multiflora rose.....	165
improvement, Wieser River, Idaho.....	51-56
job developed for peach orchard.....	171-173
pays in Wicomico District. Morris R. Nichols.....	237-239
problem solved through group operation.....	85-87
systems reduce salinity.....	66
DUMARS, M. L.: Research and Operations Technicians Get Together.....	233-234
EAMES, HUGH F.—	
Grass Carpets Way to New Wealth.....	51-56, 59
Green Spot on the Idaho Map.....	99-102
Teamwork to Conserve Soil and Water.....	201-203
EARLE, J. B.: Tomatoes on Contour.....	59
Economic survey of hunting and fishing.....	240
Editor makes final report. Wellington Brink.....	123-124
EDMINSTER, T. W.: Land Leveling Moves East.....	151-153
Educating farmers in farm woodlands. A. M. Sowder.....	46-48
Education, conservation—	
for sixth graders.....	68-70
to further district program (N. Dak.).....	67-68
Union, N. H., elementary school.....	147-148, 155
workshop for Nebraska teachers.....	222-224
EIKLEBERRY, ROBERT W.: Soil is Key to Range Capability.....	246-249
Engineering research uncovers new ideas.....	33-35, 40
Erosion—	
cause for concern. W. A. Phillips.....	120
checked on rundown Nebraska farm.....	199-200
control through woodland management.....	16
controlled by windbreaks.....	67
due to furrow irrigation.....	176-179, 192
geological.....	240
halted by tree planting.....	163-164
Japan works to control.....	149-150
lessened by grass in place of wheat.....	106-107, 112, 119
overcome in Fairfield County, S. C.....	243-245
ridge farming controls.....	269-273
stopped through grassland management.....	219-221
trees planted to control.....	280-282
wind. See Wind erosion.	
Extension Service work in woodland education.....	46-48
EZERNACK, FRANCIS J.: Range and Wildlife Improved.....	204-207
Facts about water use.....	[170]
Fairfield County stages a comeback. Henry F. Cauthen.....	243-245
FALLIN, FORD: One-Acre Record.....	11
Farm(s)—	
house in winter, cover picture.....	[122]
improved by conservation program.....	197-198, 213
pond. See Pond(s), farm.	
Safety Week.....	275
Soils: Their Fertilization And Management. Review by Charles E. Kellogg.....	286
wood crops. John F. Preston.....	129-131, 140-141
woodlands, front cover.....	[2]

	Page		Page
Farmer(s)—		Grass—Continued	
and wildlife management. Fred H. Dale..	186-189	increased, cotton reduced. W. S. Goodlett..	195-196
grows a house.....	70	increases prosperity in an Idaho county.	
learn about farm woodlands.....	46-48	Hugh F. Eames.....	51-56, 59
uses conservation plan map (S. C.).....	150	more profitable than corn. Joseph F.	
Farming improved by windbreak plantings.....	22-24	Jelinek.....	274-275
Farmstead in winter (Maine).....	[146]	protects wind-eroded land. W. S. Good-	
FELKER, RALPH: District Profile, G. Marion		lett.....	226-227, 232
Hinckley of Utah.....	154-155	replaces wheat without income loss. Charles	
FERBER, ARTHUR E.—		C. Limeberry.....	106-107, 112, 119
Windbreaks for Better Farming.....	22-24	Grasses—	
Woodland Conservation in the Great Plains..	14	bluestem, use on Shewmaker farm (Kans)...	250-251,
Fertilizer(s)—			259, 260
commercial, for conservation farming.....	62-64	use in Northern Great Plains.....	246-249
effect of nitrogen on wheat.....	83	used in Salyer ranch conservation plan...	284-286
liquid, applied by hose pump.....	33-35	Grassland—	
FHA loans underway.....	175	farming methods make rundown farm profit-	
Financing conservation farming. Buis T.		able.....	219-221
Inman.....	41-42, 45	Farming. Review by A. D. Stoess.....	143
FITE, GILBERT C.: The Agricultural Regions Of		management by portable fence use.....	34-35, 40
The United States. With Ladd Haystead.		GRAUMANN, HUGO O.: What Do We Mean by	
Review by B. W. Allred.....	143	Creeping Alfalfas?.....	103-104
Flood(s)—		Great Plains—	
of Blacks Fork River, Wyo., reduced.....	104-106	Northern, range site study.....	246-249
program evaluation. H. N. Holtan.....	75-82	windbreak plantings.....	22-24
Florida, role in tree farming. C. H. Coulter...	8-11	GREEN, IVAH: Conservation Workshop for	
FOLLEY, GAYLAND: Seedlings Ready.....	196	Teachers.....	222-224
FONTE, C. S.: Range Pitter Gets Results...	282-284	Green Pastures Contest essay. Carl E. Butler..	144
Forest—		GRENIER, A. RALPH: Water Spreading Pays	
management acceleration needed.....	[122]	Off.....	173-175
Service place in woodland conservation.....	4-6	Groups work together on water legislation...	156-160
For the land's sake—keep it covered. Norman		Gum-farming in Florida.....	11
Terry.....	219-221		
FOSTER, A. B.—		HALL, W. F.: An Important Conservation	
Approved Practices In Soil Conservation. Re-		"Tool".....	16-17
view by Wellington Brink.....	72	HAMBIDGE, GOVE: The Story of FAO. Review	
Research Noted.....	150	by Glenn K. Rule.....	119-120
FOX, ADRIAN C., review of Handbook For Teach-		Handbook For Teaching of Conservation and	
ing Of Conservation And Resource-Use.....	191	Resource-Use. Review by Adrian C. Fox....	191
FOX, LESTER—		HANKINS, WALTER C.: Snow Surveyors At	
District Profile, Belle Burchell of Massa-		Work.....	184-185, 189
chusetts.....	125-126	Harman, Kenyon G., of SCS wins conservation	
Writing Team Befriends the Land.....	113-114	award.....	162
FRANK, BERNARD: Our National Forests. Re-		HARROLD, LLOYD L.: A Study of Rain Storms...	90-94
view by Wellington Brink.....	71	Harvest scene, front cover.....	[74]
Friends of the Land institute.....	44-45	Harvesting crop trees.....	20-21
		Hawaii, problems due to volcano eruption....	168
Gaston, H. H., Alabama tree farmer.....	43-44	HAYSTEAD, LADD: The Agricultural Regions Of	
GEERS, HOWARD: My Job As A Supervisor..	212-213	The United States. With Gilbert C. Fite.	
George Washington, early conservationist.		Review by B. W. Allred.....	143
Francis E. Mulvaney.....	166	Health and soil.....	44-45
GOODLETT, W. S.—		Hegseth, Ted, of Minnesota, District Profile...	57-58
More Grass . . . Less Cotton.....	195-196	HERBERT, FRED W.: Peaches Prosper. With	
Regrassing Wind-Eroded Land.....	226-227, 232	Wayne D. Jackson.....	171-173
GRANT, JOHN: Salem Pilot Watershed... 131, 138-140		Herbicides, use in conservation.....	[132]-136
Grass—		Hinckley, G. Marion, of Utah, District Profile.	
-based rotation—		Ralph Felker.....	154-155
doubles yield.....	59	HOLTAN, H. N.: Flood Program—How Effec-	
increases yields.....	48	tive?.....	75-82
brings prosperity to Clay Sutton. Hugh F.		Horses and conservation.....	[74], 82
Eames.....	99-102		

	Page		Page
Idaho—		Kentucky—	
farmer prospers through grass program.....	99-102	bankers and districts sponsor tour.....	150
grass increases farm values.....	51-56	rundown farm made profitable.....	219-221
headwaters of Salmon Falls Creek, front cover..	[170]	KING, BARRINGTON: Tennessee Banker "Talks	
snow survey courses established.....	180-183	Up" Watershed.....	30-32
